IMPORTANT ORDERING & INSTALLATION INFORMATION:

- Standard rim height of drop-in model is 4". Height configurations over 4" are available upon request. Freestanding model also available - see MTCT-131.
- Pre-leveled integrated tub support is ESS material that allows for tub to rest on the finished floor without the need to add bedding compound, provided the floor is level.
- Includes an integrated slotted overflow, which only requires drain installation. May also be specified without an overflow (see local codes).
- Air baths require job site preparations for remote mounting the blower and required check valve. Check valve must be installed higher than the rim of the tub. The keypad is shipped loose and may be mounted on a nearby wall or decking. A waterproof remote control is also included. Please read installation manual prior to ordering.
- Measurements are ± 1/2" and are subject to change without notice.
- Options and accessories are packaged inside the tub crate for delivery.
- Data herein supersedes all prior to publication date shown below.

See the "Boutique Collection Tubs Installation & Operation Manual" included with tub delivery or go to:
