Shower niche

CONSTRUCTION AND STANDARD FEATURES

- Zero-barrier front threshold designed for ease of transfer between bathroom and shower area.
- Features a unique design that collects the shower water in a concealed trough and channels it to the drain.
- Includes complete drain assembly and one-piece stainless steel drain and channel cover. Also available powder coated in white at no charge (see "Options" above).
- 3-sided integral tile flange to facilitate installation.
- Textured bottom that meets ASTM F-462-1994 certification requirements for safer showering.

- Durable Lucite® cast acrylic shell is extremely scratch- and stain-resistant, yet renewable because the color goes all the way through the material.
- Non-porous surface makes cleaning and sanitizing faster and more effective.
- Multi-layered backing of thick fiberglass / resin / titanium encloses wood reinforcement to prevent flexing of floor pan.
- At least 30% thicker and stronger than other makes.
- Lead time - 5 business days.
- 10-year Limited Residential Warranty.
- Shipping Weight: 115 lbs

SHOWER BASE INSTALLATION: Shower base is designed to be recessed into the floor to create a flat transfer surface. Add bedding compound to fully support bottom of shower base. MTI's optional Pre-Leveled Foam Base requires no additional bedding compound or support. See installation instructions. Measurements are $\pm 1/2"$ and are subject to change without notice. Data herein supersedes all previous prior to publication date indicated below.
