② European inspiration

Perhaps you dream of a more European experience in the bath. MTI Whirlpools French Trilogy tubs – The Parisian, The Versailles and The Normandy – evoke memories of the Belle Époque with bold, fluid curves and rounded edges. The freestanding Parisian, pictured, is available as a soaking tub or air bath. It is made of high-gloss Lucite cast acrylic with an ergonomic softly curved backrest. Options include chromatherapy, underwater LED system and heating system. Suggested retail is \$7,278 for the soaking tub; \$10,048 with chromatherapy and 30 air bath jets. Available at Ferguson Kitchen, Bath & Lighting Galleries, 2860 N. Federal Highway, Fort Lauderdale, 954-567-3110; 2983 NE 163rd St., North Miami Beach, 305-944-2474; 990 S. Rogers Circle, Boca Raton, 561-997-8735, www.ferguson.com. Everglades Design Center, 850 N. Dixie Highway, Boca Raton, 561-395-6544, www.evergladesdesign.com.

③ Raindance reigns

Hansgrohe's Raindance E, which debuted at last year's Kitchen & Bath Industry Show in Chicago, is the latest answer to a luxurious shower experience. It features the industry's first dual-jet technology, a combination of Hansgrohe's RainAir spray and RainFlowWaterfall jet. It is available in three sizes, and streams directly over the entire head and shoulders. The Raindance E 420, which is 17 inches by 8 ½ inches, has a suggested retail of \$1,498 in chrome, \$2,168 in brushed nickel and \$1,798 in polished nickel. Available at: Everglades Design Center, 850 N. Dixie Highway, Boca Raton, 561-395-6544, www.evergladesdesign.com; ESO Decorative Plumbing/European Sink Outlet, 1771 N. Powerline Road, Pompano Beach, 954-973-0020, www.europeansinkoutlet.com.

④ Eggs-exactly right

Few things create stress relief like a long soak in the tub. The Essencia 7236 by BainUltra, with egg-like shape, allows you to immerse yourself in therapeutic care reminiscent of an upscale spa. It features two rows of air jets to intensify the massage, a footrest, an inverted V in the heated backrest and an integrated headrest to support the head and neck. Chromatherapy LED lights are included to enhance the bathing experience. Up to four users can program preferences for backrest temperature, air-jet pressure, session duration and chromatherapy. Suggested retail is \$6,900. Available at European Sink Outlet, ESO Decorative Plumbing, European Sink Outlet, 1771 N. Powerline Road, Pompano Beach, 954-973-0020, www.europeansinkoutlet.com.
