PRODUCTS PLUMBING

The rectangular Metro tub from MTI Whirlpools can be ordered as a soaking tub, air bath, whirlpool, or combination. Available in two sizes, it is made of Lucite cross-linked cast acrylic and is available in a variety of colours. The hardwood surround can be ordered in several finishes, including cream, driftwood, walnut, ebony, and antique black. Metro sinks are available in two sizes and have the look and feel of natural stone. The sinks are designed to sit flush on a countertop and they can also be undermounted. They come in white or biscuit with a matte or gloss finish. Vanities are also available. www.mtiwhirlpools.com

The Ridgid KJ-3100 water jetter is designed to clear blockages in two- to 10-inch diameter drains with a full 3,000-psi working pressure and a 5-1/2 gallons-per-minute flow. Powered by a 16-horsepower gasoline engine, the modular unit is mounted on a heavy-duty, two-wheeled cart that fits through standard-sized doors and negotiates tight turns. Features include a removable hose reel and a 200-ft. jetter hose with a 3/8-inch inner diameter. www.ridgid.com

The 5060-Series duplex control from Liberty Pumps is designed for use in sump pump applications where control of two pumps is required. The unit will provide alternating operation of two 120-volt pumps. In the event of a pump failure, power is switched to the other pump and the built-in alarm is activated. Plug-in ready wiring simplifies installation. It is NEMA 1 rated for indoor mounting and is available with vertical style or wide angle floats. www.libertypumps.com
