Worksheet

Countertop Measurements

_____ Length _____ Depth _____ Deck Height

* Add a minimum overhang of 1/4" to length & depth, to ensure full coverage of any exposed side of the vanity. Additional overhang may be required depending on installation application or wall variances.

NOTE: Corner support blocks shown in above 'bottom view' are necessary only when deck height is over 1". All four sides will be finished standard, unless requested otherwise.

Installation Type - Choose one:

_____ Vanity Mount OR _____ Wall Mount

Optional MTI Vessel or Semi-Recessed Bowl Placement Measurements

Upon request, MTI will factory-drill a 2-1/2" drain hole for an MTI vessel sink. MTI will also factory-cut the hole for an MTI semi-recessed sink. If you want to take advantage of this service, please complete the areas below. The sinks will need to be installed on-site.

Please note that MTI will provide this service only for MTI sinks.

MTCS- _____ Enter specific MTI sink model number.

Left-to-Right Position

_____ Centered

_____ Inches from left edge of counter to center of drain.

OR

_____ Inches from right edge of counter to center of drain.

Front-to-Back Position

_____ Inches from back edge of counter to center of drain.

OR

_____ Inches from front edge of counter to center of drain.

Note: Factory drilling of faucet holes is not available for this product. Must be done by installer.
